<p><b>Campaign Key Visuals</b></p>	<p><b>MAKE EVERY DROP COUNT</b>  <b>Simple Actions. Sustainable Future.</b></p> <p>The campaign visuals highlight water saving tips as simple actions that we can take for a sustainable future.</p> <p>Every drop of water we use requires energy to clean, filter and pump into our homes. By using only what we need, and reusing water where possible, we can reduce our overall water consumption and the energy needed to treat and supply it daily. This in turn, helps reduce our carbon emissions and our impact on the earth. Let's live more sustainably. Reduce water wastage, no matter how small the amount.
